## COOL HUNTER GUIDE JULY 16 - JULY 22

### FUEL

**BRICK AND MORTAR** is one of Boston's best-kept secrets. This sleek speakeasy is difficult to find by nature; but once inside, you know you have found exactly what you have been searching for. Consistently winning awards, B&M's cocktails are top of the line. Sometimes, if you are lucky, your beverage will be served in a whimsical vessel such as a pineapple shaped glass or the ceramic head of a unicorn. Do not overlook the food menu here; their steak tartar speaks for itself.
