COOL HUNTER GUIDE APRIL 16 - 22

MARATHON

The day when everybody, locals and visitors, come together to celebrate one of the most famous marathons worldwide. Starting at 5am on Marathon Monday, street closures will occur all over the city. Using the T remains your best option to navigate the city. Just refrain yourselves from bringing coolers, backpacks, and other large items as they are not permitted at the marathon.

MUSIC

A Minnesota native, **MOD SUN** grew up in a household that played everything from Bob Dylan to Prince, and that eclectic foundation has informed his musical journey. He started playing drums at age 13, and by 16, he began touring with a few bands, including the successful rock group Four Letter Lie. He has collaborated with artists including Schoolboy Q, Nipsey Hussle and G-Eazy, and earned a spot as one of sixteen independent artists from around the world competing for the cover of *Rolling Stone* in 2011. After his most recent release, 2012's *Happy As Fuck*, he again proved his artistic versatility, by momentarily shifting his writing focus in a new direction: His book, *Did I Ever Wake Up?*
